Subject: BDCP EIR/EIS cooperating agency contact for US EPA

Karen,

At the end of our meeting with the Corps and EPA last week regarding the Purpose and Need Statement for the BDCP EIR/EIS (I believe you were on the phone) I asked Tom Hagler and Erin Foresman who the contact person is for EPA for meeting coordination and any document distribution. They told me it would likely be Erin, but I got the impression that the official decision on this had not yet been made. I have been asked by several of the participating agencies and consultants whom they will be coordinating with since EPA is a cooperating agency on the EIR/EIS. Would it be appropriate for me to forward them Erin's contact information? Just wanted to check with you first, assuming you were the person I should ask. Please let me know at your earliest convenience. Thanks!
